

Dear Judge Montali-

Is there nothing you can do ~~to~~ ensure
the FVT? They've missed all of their
own deadlines, & they've spent millions
of dollars more on themselves than they've
aid out to the VICTIMS.

Sir, I have friends who are in
their 80s & 90s, who aren't in the best
of health, it would be unconscionable
if these people were to pass before
being paid. That would make them
victims two times!

Sir, we implore you to oversee the
mishandling of the Trust's fiduciary
responsibilities.

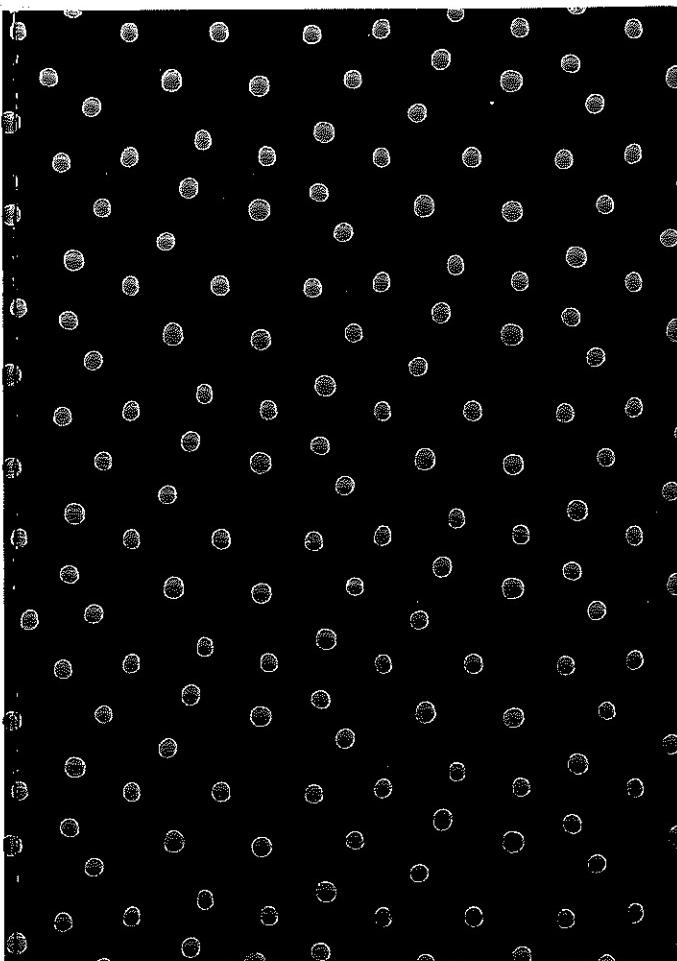

Sincerely, and respectfully,

Dora Johnson
